Protecting wildlife close to home

Houghton Regis needs YOU!

The Wildlife Trust is appealing for volunteers living in and around Houghton Regis to help transform the town's abandoned quarry into a nature reserve.

We need people to help take part in a big clear-up effort to create a green space for both wildlife and people on the urban fringe of Houghton Regis.

You don't need any conservation experience, just a willingness to get involved and have some fun outdoors.

If you are interested in volunteering please contact the Warden Rebecca Pitman on 07595090776 or at Rebecca.Pitman@wildlifebcn.org
